Morning Session (9:00-11:30am)

“A New and Radically Different Approach to Planning! ”

**Presented by: Michael Kumer, Executive Director for the Duquesne University’s
Nonprofit Leadership Institute**

Part 1 (9:00am to mid-morning break)

Confused by conflicting ideas about strategic planning? Well, you’re not alone. Attend this session and learn new ideas regarding how community benefit organizations (aka NP associations) create the future by crafting, monitoring and constantly updating exciting, relevant plans. Topics will include: vibrant visions, missions that matters, vital values and strategies that effectively connect the dots.

“Create the Future.....Now!”

Part 2 (post-break to 11:30am)

The final part of our workshop will feature a fun, facilitated session focusing on identifying and solving the most pressing issues facing your association today. Leave this workshop with 1) specific ideas to address your most compelling issues, and 2) a time-tested problem-solving methodology to use with your board and staff.

Who should attend: CEOs, directors, managers and other professional staff who deal with their organization’s boards, governance policies, and strategic planning processes.

PSAE Luncheon Program - NEW FORMAT

Come see what we're doing differently this year! We know that you value networking as one of the top benefits of PSAE membership. With that, and the desire to highlight the many talents and experiences of our members, we're planning luncheon opportunities that will do both. Join us for a unique interactive learning format. By attending this luncheon, you'll have the chance to hear a brief case study by one of our region's associations as well as discuss this month's topic - strategic planning - as you network with our area's professionals.
